"Years of Progress"

In Memory of

John Lee Howe

Jay Jr. High School

"How do you say good-bye to someone dear knowing that no longer will he be near? It is hard to admit that life must end. It is hard to say good-bye to a dear friend."

John Lee Howe was a friend to Jay Schools. He was a friend to each student who attended here. He mixed knowledge with laughter—always ready with a quick smile, ready wit and good story. He was a friend to his fellow workers, proud of his school, a believer in what he did. Teaching was more than a paycheck to John Lee—it was a way of life. He knew the name (the strengths and weakness of each of his students) and he did not forget when the student left his classroom.

Many Jay residents were students of John Lee and they are better for what he taught them. He showed his students the STARS and made his students reach for them. He expected the best from his students and was rewarded with achievements even his students thought impossible.

For twenty-five years he shared his life with us. We knew of his love of hunting quail, of his kindredship for his bird dogs, of his love for his horses and all the outdoors.

We knew a man who loved his wife, was proud of his sons, and worshipped his daughter. We knew a man who was never too busy to listen when one had a problem; who was generous, not only with his money, but with his time. He saw the unspoken cry in our eyes and answered without being asked.

To be loved by one's family, respected by his co-workers and admired by his students is our praise for John Lee. Good-bye good friend til we meet again.

We send flowers of love to one who left us before we had a chance to say good-bye; til we meet again may the God of our Fathers make each of us a better person for having known and loved you.

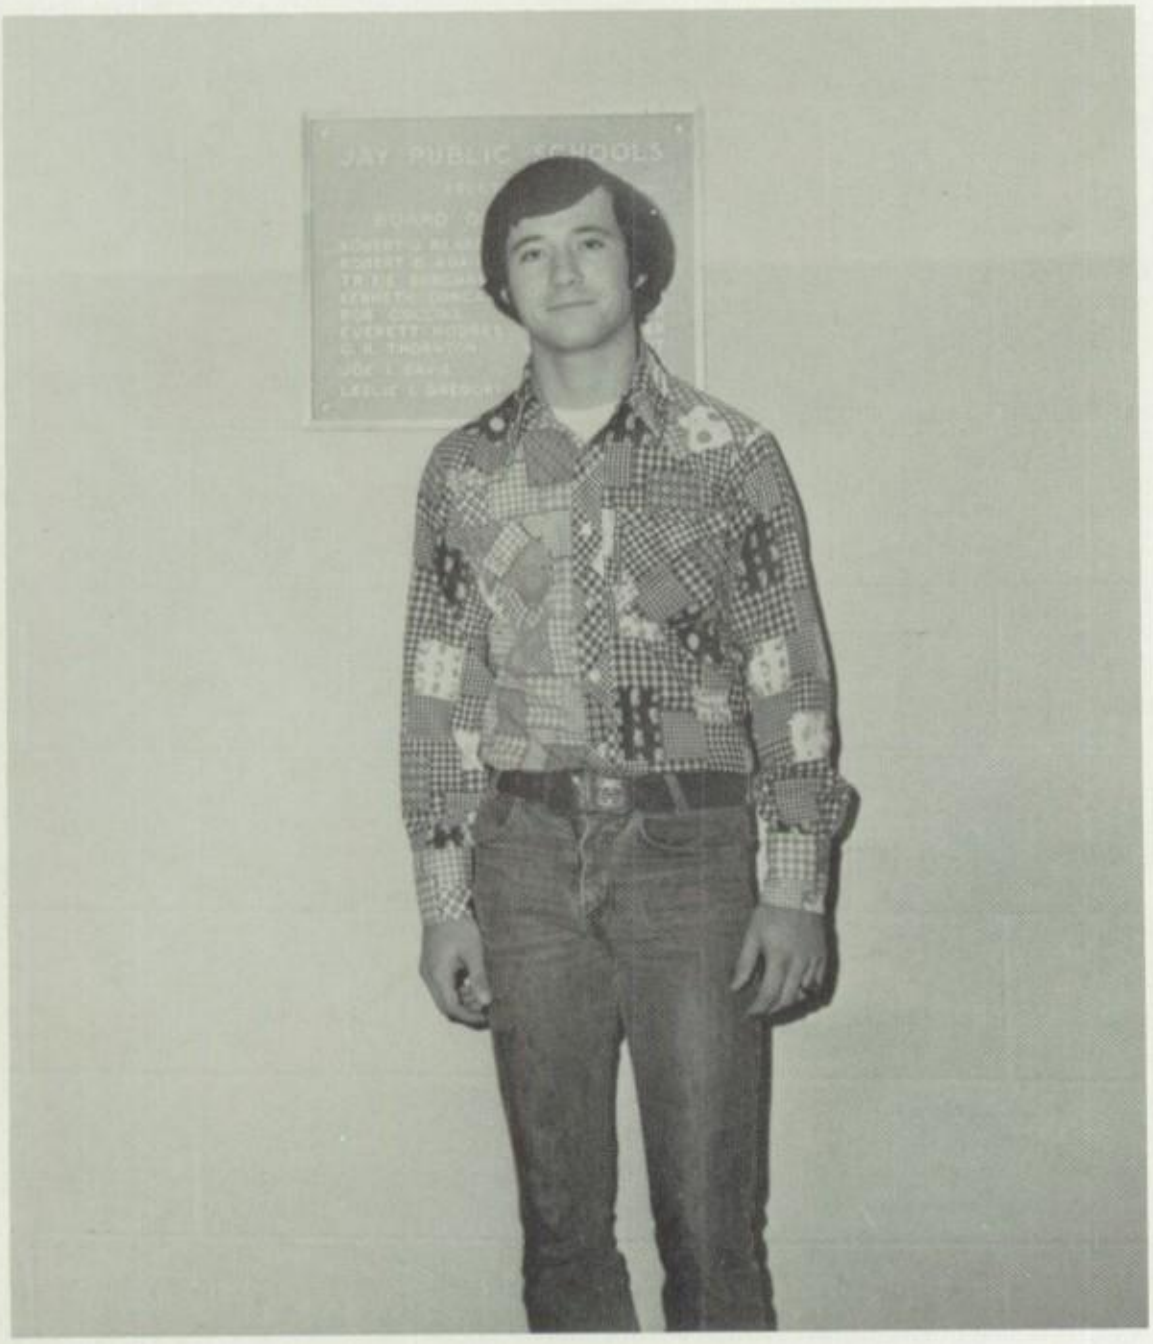
Seniors Pay Tribute To

Fallen Companion

Ray Britton

1958-1976



Ray was dear to all of us. He was a fellow classmate who was always willing to help a fellow member. He was active in school activities; namely, President of the Beta Club, a running back on the state-playoff football team, and nominated by his classmates for Best All-Around.

Ray strived for the best in anything he did and attempted to do. His teachers labeled him the "model" student; his coaches, the "model" athlete.

Our halls will seem empty without Ray, but the memories he left for us here at Jay High School will be with us forever.
